Recitation 9

Fairness

Shreyans Sheth
July 22nd, 2020

Readings about Fairness

We have 3 articles by Google AI research on fairness:

1. [Measuring Fairness](#)
2. [Hidden Bias](#)
3. [Attacking Discrimination with smarter ML](#)

You will break off into 3 groups, discuss these articles, come back and explain the article along with your thoughts to the class.

Heavy participation points for this recitation!

Thanks!
